

# Coveros Accelerates into 2011

## *Record Revenue and Profits in 2010 Fuel Growth*

**Fairfax, Va., February 4, 2011** — Coveros, the market leader in the delivery of secure, reliable software, announced today that it achieved record levels of both revenue and profit during 2010. The company's success is driven by significant new business growth in the commercial and federal markets, adding 8 new customers during the year and expanding its relationship with numerous existing customers.

“2010 was an incredible year for our firm,” said Jeffery Payne, CEO of Coveros. “As security becomes a bigger concern for organizations, more and more leading companies are turning to Coveros to help them secure their applications.”

Highlights of 2010 include:

- Record levels of Revenue and Profits for the year
- Eight new customers within the U.S. Defense and commercial markets
- Voted Loudoun County Small Technology Business of the Year by the Loudoun County Chamber of Commerce
- Five invited speeches at national software conferences

### **About Coveros**

Coveros helps organizations accelerate the delivery of secure, reliable software. We use agile methods and software assurance best practices to deliver mission-critical software on-time and budget. Coveros provides a wide range of software consulting services that include: application security analysis, secure software development, agile test automation, and software process improvement.
