

## **Coveros CEO Jeffery Payne to Deliver Keynote Address at 2010 StarEast Conference**

Fairfax, Va., March 25, 2010 — Coveros, Inc. the market leader in delivering secure, reliable software, today announced that the company's chief executive officer –Jeffery Payne – will deliver the opening keynote address at the 2010 StarEast Conference to be held April 25-30, 2010 at the Rosen Shingle Creek Hotel, Orlando, FL.

StarEast is the premier software testing conference, bringing together software testing professionals from around the world to discuss software testing at its best. The conference will include:

- 24 In-depth tutorials
- 35 Concurrent Sessions on major testing issues and solutions
- 5 Keynotes delivered by industry experts
- An extensive Test Tool Exhibit
- A Testing & Quality Leadership Summit

Mr. Payne's keynote will discuss future trends in software testing and quality and how these trends will impact the software testing community.

“We are excited to have Jeffery Payne kick off our 2010 StarEast Conference”, said Lee Copeland, StarEast Conference Chairman. “This year's StarEast Conference promises to be our most exciting testing conference ever, and we welcome the opportunity to hear from Jeff on the future of software testing.”

Mr. Payne is a recognized software expert, having authored over 30 technical papers on the business risks of software failure and software assurance. He has been a keynote and featured speaker at CIO and business technology conferences, and has testified before Congress on issues of national importance, including intellectual property rights, cyber-terrorism, software R&D, and software quality. Mr. Payne works with companies nationwide to improve their software development, testing, and security practices.
